Mrs. Reid Shields, Vice-President and Program Chairman, on the left, introduced Mr. Frederick W. Wright, Jr., on the right, at the meeting of the Garden Club on Monday evening. Mr. Wright spoke to the group of Azaleas.

Club Hears Mr. Wright

Mr. Frederick W. Wright, Jr., of Lynchburg, was the guest speaker for the Appomattox Garden Club at its monthly meeting, Monday night in the Farmers National Bank Triangle Plaza Branch Meeting room.

Mr. Wright, retired after 35 years with Babcock and Wilcox is a horticulture enthusiast. He has been growing azaleas for 20 years from cuttings and has developed a number of hybrids from seed. He is working with the National Arboretum in Washington, D.C., testing new varieties in this area and providing a blooming date calendar which is incorporated in their overall reports.

"Novel Approaches to Azalea Culture" written by Mr. Wright was published as a feature article in Horticulture magazine in April 1971 and a copy of this article was presented to the Appomattox Garden Club to be placed in the county library.

He spoke on the culture of azaleas and demonstrated the rooting of a cutting as well as naming the varieties hardy in this area. The members then enjoyed the slides of his azalea gardens.

The door prizes for the evening which were 2 azalea plants donated by Mr. Wright, were presented to Mrs. Sam Kerr and Mrs. C. T. Moses, Jr. by the hospitality chairman, Mrs. H. B. Martin.

For the exhibits in the artistic division - "An arrangement of all flowers and/or leaves, fruits, vegeta b l e s, nuts", the following awards were presented: Blue - Mrs. Thomas Richardson, Red: Mrs. K. E. Coleman, yellow; Miss Claudine O'Brien and Honorable Mention - Mrs. Jesse Carwile, Mrs. T. M. Richardson won a blue ribbon and also an honorable mention and Mrs. Mildred Alvis won a red and yellow ribbon for their horticulture exhibits of chysanthemums and dahlias.

UDC Welcomes New Members

The United Daughters of the Confederacy met on October 18th at the Appomattox County Library. There were two new members accepted into the organization.

Pictured above are Mrs. Hubert Wilkerson, center, and Mrs. Mary Ann McFadden, right, who received certificates from Mrs. A. J. Zastrow, on the left, President of the organization.

New FHA Employees In Appomattox

Shown in the photo above are three new employees with the Farmers Home Administration working in the Appomattox office. Seated is Mary Patricia Wood, age 18, daughter of Mrs. Emma Wood of Rt. 3, Appomattox. She is a 1973 graduate of Appomattox County High School and is now attending CVCC taking a business course. She has worked in FHA office since April of 1972 as a student aide.

Standing on the right is Mrs. Lamar Spangler (Marsha), Assistant County Office Clerk. Mrs. Spangler was transferred here from the Farmers Home Administration Tennessee State Office in Nashville, Tenn. on Sept. 24th. She has had also two years' experience with FHA County Office in Columbia, Tenn. At president she resides in College Park S/D, Lynchburg with her husband who is Manager of the Virginia Agri-Business Management Association with headquarters located in Lynchburg.

Standing on the left is John L. Cash, age 44, the Construction Inspector. A native of Amherst County, he lives in Madison Heights. A graduate of Temperance High School, he has been connected with dwelling construction business for 20 years. He is the father of three daughters.

Other employees include County Supervisor, Raymond H. Parker; and County Office Clerk, Mrs. Cynthia K. Massie.

Woman's Club Donates To Rescue Squad

Mrs. Norma Chuchek, Treasurer of the Appomattox Woman's Club, on the right above, is shown presenting a check in the amount of $50.00 to Ray Noble, member of the Appomattox County Rescue Squad, to help their fund drive along. During past years the Woman's Club has made many outstanding donations of equipment to the ACRS and it is appreciated very much.

The annual fund drive is going quite good at this point but with one week left to go the members of teh Resuce Squad have not yet reached their goal of $12,000. If you have not made your donation yet please mail it in or give to any member of the Appomattox County Rescue Squad.

Garrett Appointed Dist. Supervisor

Mr. Richard A. Goodling, State Director, Farmers Home Administration, announces the appointment of a new District Supervisor, Mr. Edmond K. Garrett, Jr. He will serve the County Offices of Appomattox, Bedford, Chase City, Chatham, Farmville, Halifax, Kenbridge and Rocky Mount. He will also be serving as Acting, District Supervisor in Charlottesville and Daleville, and will be headquartered at Rocky Mt., Va.

Mr. Garrett began his career with the Farmers Home Administration in March 1966. his first assignment was the position of Assistant County Supervisor at Tappahannock and then in 1967 he was selected for the position of County Supervisor at Rocky Mount, Va. Mr. Garrett will assist the county offices under his jurisdictions in the implementations of the FmHA programs.

Mr. Garrett is a graduate of Virginia Polytechnic Institute with a Bachelor of Science in Agricultural Economics. He is married and has two children.

Concord

Mr. and Mrs. John W. Pratt, Jr., from Winston Salem, N.C., and Mrs. J. R. Smith, of Oxon Hill, Indiana and her son, Brian, were recent guests in the home of Mr. and Mrs. J. W. Pratt, Sr.

Mrs. Frank Hill and Miss Berta Webb spent Friday in Farmville.

Mr. Douglas Franklin and Mrs. Marie Franklin have returned from a visit to relatives in Pennsylvania.

* * *

k back in 1785 Adam Dickson in his ise on *Agriculture* said, "Weeds are ded by the same food that would useful plants; and therefore, when ed to grow along with them, must rob part of their food."

y is still true. Now is a good time to n lawn weeds, pasture weeds. Weeds harvest your hard earned dollars spent fertilizer, seed and labor.

* * *

Hunter Dickerson asked why I didn't something about apple storage in this n. Here goes-apples should be placed in as soon as possible after harvest. y's delay in storage may result in as le 10 days reduction in storage life. ples should be stored at 30° to 32° fruit moisture. Fruit stored at 30°F will have ximately 25% longer storage life than tored at 32°F.

he last temperature of the fruit is more ant than air temperature in the room. e fruit temperature will be significantly higher than air temperature.

Humidity is also important. The relative humidity should be maintained at 85 to 90%. This may be difficult to maintain. One easy help is leave the wooden crates out during a soaking rain before harvest. Dry containers lower storage humidity because they pick up moisture from the air.

* * *

Bill Hunter asked why not say something about curing sweet potatoes.

Always handle a sweet potato as if it were an egg. In this way you reduce the possibility of breaking the skin which allows rotting agents to begin there work.

The home gardner with only a few bushels of potatoes can satisfactorily cure his potatoes by setting the basket near the furnace, hot water heater or clothes dryer. Cure for about 10 days at 80°F or for 20 days at 70°F. to toughen the skin. After curing store at 60°F or as close to this temperature as possible.

For the larger grower use a flue tobacco barn and preferable a bulk tobacco barn. Crates should be placed 6" to 8" off the floor and 12" to 15" from the walls to allow ample ventilation. Curing is performed at 80° to 85° with relative humidity at 80 to 90%. Curing requires 7 to 10 days. After curing maintain a temperature of 55 to 60°F. with 85% humidity.

Virginia's future... Let's give it our best.

It's no secret . . . we're squarely behind Mills Godwin. And you should be too. The reason is simple—Virginia's future is at stake. And Virginia's future is our future too.

Today, Virginia is one of the best places in the nation to live. There will always be room for improvement, a need to continue building on the present for the future. But without the proper kind of leadership, our future could become a shambles within a scant four years.

It is essential that we elect an informed Governor who is sensitive to our problems, and who is capable of leading Virginia to a progressive future.

Mills Godwin is such a man.

During his term as Governor, Mills Godwin piloted Virginia through a long overdue "catch-up-move-forward" period which has Virginia emerging as a leader among states. We're all familiar with his many notable achievements for Virginia in areas of education, transportation, environment and economic growth.

But more important, Mills Godwin has addressed his efforts to the crucial issues facing Virginia today.

FORCED BUSING/CONSOLIDATION: Unlike his radical opponent, Mills Godwin has always supported quality education for *all* without forced busing or illogical consolidation. He will continue to support neighborhood schools in the future.

RIGHT-TO-WORK: Mills Godwin will not allow a few radical politicians or union bosses from outside the state to destroy our healthy labor climate by tossing our right to work law out the back door. He will do everything in his power to preserve this law, which is one of Virginia's biggest attractions to new and expanded business resulting in more jobs and better pay for all our citizens.

LAW AND ORDER: Mills Godwin stands for strict enforcement of the law and the prevention of crime. He wants criminals apprehended and convicted so that our homes, businesses and lives are safe.

It's easy to see why we support Mills Godwin for Governor of Virginia. We'd like to tell him he has your support too.

Contact the local Godwin for Governor headquarters and offer your help . . . give Virginia's future a chance.
